

Incredible Tools Exceptional Value.

For more information, visit our website at www.gardex.in or email info@gardex.in

Gardex India is a global leader in manufacturing hand and striking tools for OEMs and Big-Box Retailers. We are built on the idea that meticulous manufacturing leads to high quality-product and continuous process improvement, enabling us to serve the likes of TTI, Lowes, Bahco, Tractor Supply, Kingfisher, Snap On and more.

Cutting edge industry 4.0 infrastructure, five state-of-the-art manufacturing facilities and a driven team of 1500+ have been the enablers of our success. All production activities are vertically integrated, whereas, due to emphasis placed on backward integration, Gardex is able to leverage their strong ecosystem of supply chain subsidiaries and suppliers to ensure customers get their quality product on-time.

At Gardex India, we are fully vertically integrated. Our customers get to enjoy benefits such as reduced cost of production, reduced lead times, on-time shipments and high-quality product. Our full suite of production services include:

Forging
Machining
Hardening & Tempering
Injection Moulding
Mould/Die Making
Wood Handle Turning
Surface Finishing
Branding
Testing & Validating
Assembly & Packaging
New Product Development
